### **ADDITIONAL INFORMATION PURSUANT TO THE LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD**

#### **14. Performance review**

##### Current Quarter

The Group recorded a revenue of RM15.46 million for the current quarter under review, which is RM2.17 million or 12% lower than the corresponding quarter of RM17.63 million in the previous financial year, mainly due to decrease in revenue from engineering contracts which was partially mitigated by the increase in revenue from ICT support services.

The Group reported a profit before taxation of RM1.48 million, representing an improvement of RM1.86 million compared to the loss before taxation of RM0.38 million for the corresponding quarter in the previous year. The improvement in profit is mainly a result of increase in gross profit from ICT support services and lower administrative expenses recorded in the current quarter compared to the corresponding quarter in the previous year.

##### Year-to-date

The Group's revenue of RM41.77 million for the current financial period ended 30 September 2009 is RM5.34 million or 15% higher than the revenue of RM36.43 million reported in the previous financial period ended 30 September 2008, mainly contributed by both engineering and ICT support services segment.

The Group reported a profit before taxation of RM0.38 million for the current financial year ended 30 September 2009 as oppose to the loss before tax of RM3.43 million for the previous financial year period ended 30 September 2008, representing an improvement of RM 3.81 million. The improvement was in line with the increase in revenue and lower operating expenses incurred for the current financial period ended 30 September 2009. The improvement in profit before taxation, however, was partially offset by lower contribution from associates.

#### **15. Material changes in profit before taxation for the current quarter as compared with the preceding quarter**

The Group achieved a revenue of RM15.46 million for the current quarter ended 30 September 2009 compared to RM 12.27 million in the preceding quarter ended 30th June 2009, representing an increase of 26% or RM3.19 million, contributed by both engineering and ICT support services segment.

The Group's profit before tax for the current quarter ended 30 September 2009 of RM1.48 million represents an increase of RM2.1 million compared to the loss before tax of RM0.62 million in the preceding quarter ended 30 June 2009, mainly attributable to increase in gross profit from ICT support services and higher profit contribution from associates.

#### **16. Current year prospects**

The Group anticipates the remaining quarter of the financial year to be challenging as the recovery from the global financial turmoil is still uncertain thereby affecting the performance of the Group. Amidst the economic challenges and uncertainties, the Group will continue to focus on its core activities and Management will continuously undertake measures to improve business efficiency and competitiveness.

The Court has postponed the full trial date for the suit to 8, 9 and 10 December 2009. MESB's solicitors are of the opinion that MESB has a good chance of succeeding in its claim.
- (b) Lee Bee Leng & two (2) others vs (1) MESB and (2) University Teknologi Petronas ("UTP"). On 15 November 2005, MESB, being the first (1st) defendant was served with a Writ of Summons dated 24 October 2005 by Lee Bee Leng & two (2) others ("Plaintiffs") claiming for among others general damages amounting to RM500,000 or to be taxed by the court ("Negligence Claim") and special damages amounting to RM403,550 ("Dependency Claim") due to the death of the 1st Plaintiff's husband and 2nd & 3rd Plaintiff's father at UTP job site. The maximum exposure to liabilities of MESB and UTP is therefore estimated at RM903,550. The Court had on 14 November 2008 disallowed the Plaintiffs' Dependency Claim, thus reducing MESB and UTP's exposure to RM500,000.

For the Negligence Claim, MESB's solicitors are of the view that the Plaintiffs' claim would very much depend on, among other things, the availability and strength of the Plaintiffs' witnesses' testimonies and the proving of the requisite ingredients of the negligence by the Plaintiffs on the balance of probabilities. If the Plaintiffs fail to reach the standard required, then the Plaintiffs' action will fail against MESB and UTP. Moreover, the Plaintiffs must also prove specific acts or omissions of MESB and UTP, that are alleged to be negligent. MESB's solicitors have filed an application to strike out the Negligence Claim. The High Court of Ipoh has fixed the date for decision and clarification on 2 December 2009. In the opinion of MESB's solicitors, MESB should have a good case to go to court.

- (c) On 9 January 2007, MGB through its solicitors, received a Writ of Summons and Statement of Claim dated 23 November 2006 with the High Court of Shah Alam issued by CWorks Systems Berhad ("CWorks"). CWorks is claiming an outstanding amount of RM1,751,617 from MGB pursuant to a Software Development Agreement dated 9 May 2005 for the development and provision of a software for the National Product Code System, the Sale Force System and the Project Management Tool System in the People's Republic of China. The maximum exposure to MGB is estimated at RM1,751,617.

## 24. Changes in material litigation (contd.)

- (c) The Company's solicitors had on 16 January 2007 filed a Conditional Appearance challenging the action as not within the Jurisdiction of the High Court of Malaya but any remedy sought by CWorks should be referred to Arbitration under Malaysian Laws. On 30 August 2007, the Deputy Registrar of the High Court of Shah Alam has allowed the Company's application that the Suit by CWorks against the Company to be adjourned indefinitely 'sine die' and the claim by CWorks to be proceeded by the way of arbitration. However, CWorks filed an appeal against the Registrar's decision and the High Court has allowed the appeal and set aside the Order of 'sine die'. The Company's solicitors had filed an appearance and defence as well as counterclaim against CWorks. On 16 February 2009, CWorks solicitors served their reply to the Company's defence and defence to the counterclaim. CWorks has also filed an application for Summary Judgment and High Court has fixed the date for Case Management on 30 November 2009.

The Company's solicitors are of the opinion that CWorks' claims are premature in nature and in breach of its contractual obligations.
